Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: the closest reference of record, i.e. Damask et. al., U.S.P. No. 5,915,051 teaches a wavelength selective optical coupler/switching device comprising: a plurality of wavelength selective Bragg gratings 35,41 in the coupling region formed by at least a plurality of coupled waveguides 15,16,20,37,38 which acts to filter multiplexed wavelengths.

Damask et. al. 051' does not teach or suggest a wavelength-selective optical transmission device and method of using same comprising : a first waveguide for transmitting a multiplexed optical signal therethrough, a second waveguide coupled to the first waveguide with at least one of the first and second waveguides having a set of wavelength-selective Bragg gratings disposed near a coupling section between the first and second waveguides with one of the first and second waveguides has an aspect ratio defined by a thickness divided by a width is no greater than 0.75. Also Damask et. al. (or any of the other prior art of record) does not teach a wavelength-selective optical transmission system comprising: first and second coupled waveguides which are

coupled through a set of Bragg gratings having different aspect ratios defined by a waveguide thickness divided by a waveguide width. These limitations are recited in claims 1-30 and are considered to be patentable over the teachings of Damask et. al. and all of the listed prior art references.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Brian M. Healy whose telephone number is (571)272-2347. The examiner can normally be reached on Compressed Schedule Tues-Thurs. 7:00 AM to 4:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Rodney Bovernik can be reached on (571)272-2344. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
